Business Drivers
Do I have to change my strategy or business aspects?
How are the following affecting your organisation?

- Aging population
- Global financial crisis
- Retaining customers
- Sustainability
- Changing technology (Internet, BIM etc)
Year 2025

- Will there be a need for specifications?
- If so, what type of person/machine will compile them?
- If not, what will be the tool to ensure quality?
- What role will your organisation play in 2025?
- How can ISIS help you get there?
